This sun-drenched porch-front home welcomes you with an elevated front yard and impressive interior width—nearly 19 feet wide and 41 feet of open living space. The main level offers a seamless flow, centered around a chef's kitchen with Bertazzoni refrigerator, Viking range, oversized island with drawer microwave, and an additional wall of custom cabinetry featuring a wet bar and wine fridge. A powder room and rear dining area overlooking the private patio complete this level.

Upstairs, the primary suite boasts a vaulted ceiling with exposed beam, dual closets, and a sleek en-suite bath with walk-in shower. Two additional bedrooms—one with a wall of windows and the other with a skylight—plus a second skylit bath and laundry/storage space offer both comfort and convenience.

The fully finished lower level expands the living options with a second kitchen, butcher block island, office nook, and a wide-open family room (plenty of space to add a 4th or even a 5th bedroom) that opens to a covered patio. With a garage plus two tandem parking spaces and direct access from Kansas Ave., parking and practicality are at your doorstep.
