CAVES FOREST, OWINGS MILLS, MD

Live authentically. Tucked amid mature trees on a private lot, this architecturally striking contemporary home blends natural materials with modern innovation—a true retreat for those who value design, comfort, and connection to the outdoors. A circular drive framed by stone pillars sets the tone for the home’s refined yet welcoming presence. Inside, materials rooted in nature—stacked stone, warm woods, and polished floors—meet cutting-edge technology in a fully integrated smart home system that manages lighting inside and out, shades, music, and security.

The main living area centers around a dramatic floor-to-ceiling stone fireplace. Skylights, transom windows, and glass sliders invite light and nature into every space. Lush landscaping, sculpted boulders, stone walls, decks, and a tranquil koi pond with waterfalls. The kitchen features sleek ebony cabinetry, generous granite prep space, separate pantry and space for a table or barista center. Just off the kitchen is both a dining room and a glass-enclosed space ideal for dinners, cocktails, or morning coffee with a view. Adjacent half bath, laundry and garage entry for every day convenience. Car enthusiasts will appreciate the oversized two-car garage, complete with hot and cold running water, pre-wiring for EV charging, and generous parking space.

The primary suite evokes spa-like serenity warmed by a wall of stacked stone, hearth seating, and a wood-burning fireplace—an indulgent retreat for quiet mornings or cozy evenings. Sliding glass doors open to a private balcony where you can take in the illuminated landscape, tree canopy lighting, and the gentle sound of water spilling into the koi pond below. The adjoining dressing area, lined with custom built-ins, keeps the space uncluttered, while the marble and stone-accented bath—with its inviting garden tub—blends nostalgia and luxury. Two additional bedrooms, each with their own baths.

The lower level exudes a sophisticated yet relaxed energy with a groovy lounging space / home theater wired for Dolby ATMOS 9-speaker surround sound—anchored by yet another stone fireplace. A discreet door conceals a private office, while two more daylight bedrooms, another flex room, and an updated full bath provide privacy for guests and extend the home’s versatility. Step outside to a grotto-like patio nestled into a softly lit stone wall for a secluded escape.

A rare blend of natural beauty, thoughtful craftsmanship, and intelligent design, this home is equally suited for entertaining or soulful living. Cultivate your existence. The art of uniting human and home.
