

\$679,900 - 201 Johnstown Rd, ELKTON

MLS® #MDCC2019448

\$679,900

2 Bedroom, 1.50 Bathroom, 1,008 sqft

Residential on 7.50 Acres

NONE AVAILABLE, ELKTON, MD

LISTED BELOW APPRAISED MARKET VALUE

When you pull up to this stunning property, an electric gate opens to a private 700-foot driveway that winds through peaceful acreage before revealing your brand new 2024 built barndominium , a one-of-a-kind modern retreat designed for comfort, technology, and freedom.

Everything here is new from the ground up. Inside, the home features Cristallo stone countertops, high-end appliances, and LVP flooring that ties together the open-concept kitchen and living areas. The bathroom is wrapped in luxurious 24x48" ceramic tile, giving the home a clean, elegant feel throughout.

The primary suite includes a dedicated office nook and a spa-style bathroom with a 60" floating double vanity, light-up antifog mirror, Bluetooth smart fan, and a Jacuzzi tub. Every recessed light is dimmable and offers a nightlight mode, creating a warm glow when the sun goes down.

Step out back to the large deck, where Bluetooth color changing lights can set any mood — from quiet evenings to festive gatherings by the firepit.

Practicality meets innovation with 400 amp electric service, washer and dryer included,

and the house is prewired for your security cameras. Both the oversized 1-car and 2-car garages have 10-ft insulated ceilings, perfect for vehicles, tools, or projects.

The property is designed with thoughtful infrastructure: water and electric lines run from the front gate all the way to the back, and the gate pillars include three outlets and a water spigot for easy access when maintaining the front garden.

Out back, a detached well house holds a 5 stage water treatment system, and the rear pole barn adds another level of functionality — with four rooms, including a full bath, reverse osmosis system, 550- and 200-gallon water tanks, tankless propane water heater, and three individual mini-split systems.

One of those rooms is a fully automated 500 sqft hydroponic grow room, equipped with CO₂, control, dehumidifiers, and high end lighting. You can transform the other room into a workshop, studio, gym, at home movie theater — the possibilities are endless.

The 7.5 acre property also includes two RV pads with full hookups, private trails, a 100-yard shooting range, and abundant wildlife — from deer to turtles.

Whether you're looking for a private residence, hobby farm, or luxury compound, this property delivers modern living with unmatched freedom and privacy. This home was built within the County guidelines to build a much larger main house and the current home would be then considered an "accessory dwelling", great for family visits or for extra income.

Built in 2024
