This home is so much more than a fix and flip. These owners, meticulously redesigned, rebuilt, and refurbished this home from the foundation up over 3 long years. This was a complete rehabilitation of an amazing mountain hideaway in the hills of Western Frederick County, MD. Situated just 14 minutes from Route 40 or Interstate 70 in Frederick County, this home is more convenient than you would ever suspect and just minutes from some of the best schools in the area. The full synthetic two level decks both offer some amazing mountain views looking west while the front of the home features a new oversized paved driveway and a hill of landscaping to lessen maintenance. The selections inside this home are exquisite featuring engineered hickory floors, upgraded granite and cabinetry throughout the home, tiled showers, huge double walk in showers, a layout to maximize all views from the main and basement levels, recessed LED lights throughout, and so much more. The owners even took the time to create a turnaround in the driveway needed for ease of access. The home had its entire septic replaced in 2023, HVAC, Water Heater are 2024-2025, Roof and Gutters are 2022, windows 2023, all plumbing 2022-2024, leaving a new buyer with essentially no major ticket items untouched. This one is essentially a new home on a 1970 foundation. All work was permitted through the county.
