PRICE REDUCTION. MOTIVATED SELLER.

Don't miss this opportunity. MORE THAN 3400 finished Sq Ft in Columbia for under \$650,000!! This elegant mid-century modern home, greatly expanded with an addition to add a family room and expand the master suite, is a classic Columbia gem. Step back to a time when homes were built with open floorplans and novel concepts. As you enter the home you are met with an expansive living area and an office/den off the foyer. The home features a raised dining room overlooking the open living area with a wood burning fireplace and a conversation pit. The kitchen looks out over the back yard and has a serving counter for the sitting/entertaining area with large windows and walkouts to the deck. This kitchen is rather small and dated, which could be updated to an open gourmet and social space. It leads to an expansive family room with skylights, which was an addition to the original floorplan, and also provides walkout access to the large wraparound deck that provides a transition to the gently sloped wooded back yard. Upstairs there are three bedrooms and two full baths. The master suite has been greatly expanded with the addition. You enter the master suite into a sitting/dressing area connecting the master bedroom and master bath. The master bath has a whirlpool soaking tub and a separate stall shower. The Master bedroom has a built-in dressing table/vanity with a sink. The home has a finished basement with additional

built-ins and a cedar closet. A two-car garage completes this classic home. Located on a secluded street in the Swansfield neighborhood this classic home is close to the Hospital, Community College, Mall and Lakefront. You won't want to miss this hidden Columbia Gem. Seller motivated. Bring all reasonable offers.
