Welcome to 5700 Tanglewood Drive, a stunning Sales Model by Paramount Construction. Never occupied. Located minutes from Bethesda Row, this one-of-a-kind architectural masterpiece features high-end designer finishes & custom-crafted design elements throughout. With 6 bedrooms, 6.5 bathrooms, & 6,800 square feet of exquisitely crafted living space, this home blends sophistication, functionality, and comfort in an unbeatable location. Designed to fit perfectly on this premium corner lot, the home was carefully custom-built with architectural precision, and its north-facing front door enhances natural light and curb appeal. The elegant stone water table & flagstone entry create a timeless, distinguished exterior. Lush landscaped flower beds add vibrancy and charm, perfect for gardening enthusiasts. Inside, the inviting foyer immediately impresses with a white-washed rough-sewn pine accent wall, setting the tone for the home's refined yet warm design. Natural light pours through Pella high-performance windows, highlighting the herringbone-patterned wood flooring & five-inch oak floors, which are sanded and finished on-site across the main, second, and third levels. Every detail has been thoughtfully curated by Paramount Construction's in-house architects & designers, incorporating high-end materials and custom-crafted elements throughout.

The gourmet kitchen is a true showpiece, featuring Brookhaven custom cabinetry, professional-grade Thermador appliances, Cambria quartz countertops, and a built-in wine cooler. The family room is centered around a gas fireplace with a dramatic floor-to-ceiling stone hearth, flanked by handcrafted built-in bookshelves designed by a local artisan. Above, a coffered ceiling with rough-sewn pine insert panels adds a sophisticated yet relaxed feel—this pattern is echoed in the dining room ceiling and the second-floor loft accent wall, creating a cohesive and refined design. The first-floor decorative wainscoting introduces depth and dimension, enhancing the home's overall architectural character.

Step into a secluded backyard retreat, featuring a built-up stone patio with integrated seating walls, perfect for entertaining. A cedar fence provides complete privacy, while seven beautiful 22-foot Cryptomeria trees, thoughtfully planted by the builder, create a private oasis.

The primary suite is a stunning retreat, offering a sprawling walk-in closet with custom built-ins, a spa-inspired bathroom featuring an oversized dual-head shower, and a stand-alone soaking tub set against a floor-to-ceiling architectural accent tile wall. Dual vanities are positioned for maximum privacy and convenience. Three additional bedrooms provide both comfort & privacy. Two of the bedrooms share a Jack and Jill bathroom, while the third has its own private en suite bath. A versatile lounge area on this floor serves as an ideal home office, study, or relaxation space. The large laundry room features upgraded cabinetry and an extra-deep sink, designed for convenience and efficiency.

The third level offers incredible flexibility, featuring a private bedroom, full bath, and a spacious lounge or family room. Panoramic

views from the bedroom windows provide natural light and scenery, while a dedicated heating and cooling zone allows for independent climate control. This space is ideal for an artist’s studio, home office, or secluded guest suite.

Designed for relaxation and entertainment, the lower level includes a spacious recreation room, a sleek wet bar with an integrated wine cooler, a gym area, & a large guest bedroom with a full bath.
