Wow! What an honor to call this one home. Brand new construction without the wait! Current Owners built home and just moved in less than 2 months ago and need to relocate due to work. The large open modern design blends comfort, convenience and elegance. The open concept layout lends plenty of natural light perfect for everyday and entertaining. The spacious kitchen with its white cabinetry and quartz countertops and oversized island allow a seem-less flow into the dining and family room. The large pantry, closet and half bath are all tucked away within its own area off the kitchen. There are additional upgrades from lighting, doors and hardware that catch your eye upon entering each room.

Upstairs, the primary suite offers a luxurious retreat with a huge walk in closet and private en-suite bath. The remaining 3 bedrooms are a great size and all have been professionally painted with custom feature walls and large closet spaces. They are perfect for family and guests. The upstairs laundry makes even this mundane task enjoyable. Head back downstairs to the finished basement. The upgraded egress window allows for extra light to come through. The large finished area with its neutral finishes and lighting is the perfect extension of the home. An added bonus is the fit out for plumbing and additional bedrooms if the new homeowner needs to expand.

This corner property located on a cul de sac allows additional space for outdoor play or relaxing. The covered porch is great for sitting on the front swing after a long day. There will be additional trees and plants in the common areas that will further enhance the outside..
