3 Bedroom, 2.50 Bathroom,
Residential on 1.85 Acres

NONE AVAILABLE, LAWRENCEVILLE, NJ

There is so much to love about this renovated Cape perched up on a hill directly across from beautiful farmland. The deep 1.85-acre lot allows for loads of privacy and a relaxed country feel less than a mile from charming Main Street shops and The Lawrenceville School. Plus, downtown Princeton is a quick four miles down the road. A bluestone walkway leads to the two-story entry, where gorgeous hardwood floors begin. The large living room features an inset brick fireplace with wood storage and a wide opening into the dining room for an easy flow while entertaining. New doors across the back of the house open out to a pristine patio, including in the family room and in the freshly renovated eat-in kitchen, where white quartz countertops are a sleek counterpoint to exposed brick. KitchenAid appliances and a deep stainless steel sink provide modern functionality, as does a new stacked laundry unit tucked-away behind the totally refreshed powder room. Don't miss the cozy den, and be sure to admire all the updated doors and hardware, an impactful improvement that continues upstairs. Two bedrooms share a hall bath with subway tiled walls and a new quartz countertop, while the primary suite has a dressing room that opens to a private bath with a pretty marble floor and more tiled white walls. Four new split A/C units let you customize cooling throughout the house. You won't find anything more charming or conveniently located than this move-in-ready Cape!
