Old Woods is one of those unique properties that transports you to another realm. Walk under the archway into the side yard, and it feels like you have just stepped into a spa. Three koi ponds with recirculating fountains delight the ear, nestled amidst mounds of ornamental grasses and evergreen bushes. Benches strategically placed on little decks invite you to pause awhile and admire the water lilies and lotus flowers. Inside, the kitchen gives you even more reasons to pause, to admire the two islands, beamed ceiling, and gas fireplace surrounded by cabinets. A row of windows overlooks your table, bringing in lovely southern light. Every room surprises with a different configuration, and the unique floor plan keeps you guessing. The current downstairs office could easily be used as a guest bedroom, and another main floor bedroom is ensuite with its own entrance, making it a good candidate for an in-law situation. If you are a pet lover, the main floor laundry opens to a sizeable dog run with a doghouse. A loft overlooks a great room with cathedral ceiling and rustic beams, which steps into a sunroom with sliding doors to a wrap-around deck. And wait until you see the roof deck off the master suite upstairs! The novelties just keep on coming.
