STONEHOUSE, KENNETT SQUARE, PA

Be prepared to fall in love AND be able to walk to town! Stonehouse is a small enclave of 38 luxury carriage homes, built by Bentley Homes, within walking distance to downtown Kennett Square. The main level has everything you could want: a gorgeous kitchen with an oversized island, gourmet appliances including a gas cooktop, wall oven and microwave, and refrigerator, stunning tile backsplash, under cabinet lights, and a coffee station. The open floor plan also includes a dining area and great room with a vaulted ceiling and a gas fireplace. The first-floor primary bedroom is so welcoming with its tray ceiling, two walk in closets with organizers, and a beautiful bathroom with two vanities, a tile shower, and private w/c. The 2nd floor has two spacious bedrooms, a loft area and a full bath with a double vanity. For additional space, there is the finished basement which is currently used as a tv room and home office. It does not feel like a basement but rather a part of the house with the open staircase and oversized window allowing the daylight to stream in. Outside, the deck is ideal for grilling, morning coffee, or soaking in the sun and has steps to the yard. Lastly for peace of mind, there is a full house generator, so you never have to go without modern conveniences. Come see why everyone wants to live in Kennett Square where you can walk to The Creamery, Talula's Table, coffee shops, restaurants, breweries, and so much more.
