“Flexible Spaces, Fire Pit Nights, and Easy Living”

If you’re tired of scrolling past the same old listings, stop here. This 3-bedroom, 2-bath bi-level offers more than just square footage – it’s a home that lives large, inside and out.

Upstairs, natural light fills the living room, dining area, and kitchen, where all appliances have been replaced within the past two years. Step through the dining room sliders and you’re on a walk-out deck that overlooks a fully fenced backyard built for memories – think fire pit gatherings, a safe space for kids to play and pets running free.

Downstairs, the surprises continue: a full bath, laundry with washer and dryer, and a flex room currently used as a bedroom. But this space is ready to become whatever you need – a family room for movie nights, Sunday football, or a playroom that actually contains the chaos. And yes, it’s a walk-out too – through the attached 2-car garage with direct access to the backyard, making life just a little easier.

Located minutes from schools, shopping, and major highways, this home offers the kind of everyday convenience that makes a difference.

“All of it together – the space, the

comfort, the possibilities “ will make you feel like you™ve found your new home.”

Built in 1998
