Looking for a project - this is a fixer upper or a demo to salvage the log walls and stone fireplace for accent features in a new home! Seller financing available with good credit and 20% down. This old house is on a 2.3 acre wooded lot with some extras included: survey completed, electric line services the house area, well on site, and an existing septic that would need a soil engineer to re-validate the design for an existing permit. Lastly, if you wanted to build a new home on the lot it is feasible. The driveway is on the property and does service one other house in the back.
