Step Inside a Modern Classic

The heart of the home is a bright, light-filled kitchen that's both chic and functional. Featuring brand-new quartz countertops, sleek stainless steel appliances, new skylights, and a charming window over the sink, it's the perfect space for culinary creativity. It flows effortlessly into the dining and living area, where rich hardwood floors and a cozy wood-burning fireplace create a warm, inviting atmosphere.

From here, step out onto the freshly painted deck and take in the tranquility of your surroundings. The flat, open, and fully fenced backyard is perfect for pets to play or for you to install the pool of your dreams. Inside, the main level also offers a formal dining room with elegant wainscoting and a beautiful bay window, plus a spacious living room with a second fireplace and pre-wiring for all your entertainment needs. A versatile room on this level can serve as a private home office or an additional bedroom, complete with a half bath that could easily be converted into a full bath for multi-generational living.

Upstairs, you'll find four spacious and sunlit bedrooms with newer windows. Both upstairs bathrooms have been beautifully updated with new vanities, lighting, mirrors, and fixtures, all bathed in natural light from the new skylights.
